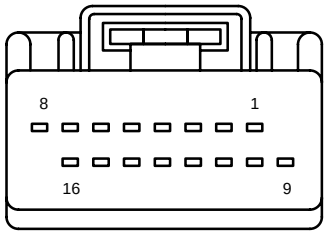
C228a (BK)

14401

Electronic Automatic Temperature Control (EATC) module (19980)



F16109

Pin	Circuit	Circuit function
1	780 (DB)	Electronic Automatic Temperature Control (EATC) module (19980) to Temperature blend door actuator, driver (19E616)
2	1502 (BK/YE)	Electronic Automatic Temperature Control (EATC) module (19980) to Remote solenoid assembly
3	1501 (BK)	Electronic Automatic Temperature Control (EATC) module (19980) to Remote solenoid assembly
4	755 (BN/WH)	Electronic Automatic Temperature Control (EATC) module (19980) to Front blower motor speed controller (19E624)
5	299 (DG)	Electronic Automatic Temperature Control (EATC) module (19980) to Temperature blend door actuator, passenger (19E616)
6	300 (OG)	Electronic Automatic Temperature Control (EATC) module (19980) to Temperature blend door actuator, passenger (19E616)
7	291 (BK)	Electronic Automatic Temperature Control (EATC) module (19980) to Temperature blend door actuator, driver (19E616)

Pin	Circuit	Circuit function
8	290 (GY)	Electronic Automatic Temperature Control (EATC) module (19980) to Temperature blend door actuator, driver (19E616)
9	1070 (BN/LB)	Remote solenoid assembly to Electronic Automatic Temperature Control (EATC) module (19980) –
10	1503 (BK/LB)	Electronic Automatic Temperature Control (EATC) module (19980) to Remote solenoid assembly
11	1504 (RD/WH)	Electronic Automatic Temperature Control (EATC) module (19980) to Remote solenoid assembly
12	688 (GY/LB)	Recirculation, delay input
13	575 (YE/BK)	Blower motor relay, control
14	1069 (OG/LB)	Remote solenoid assembly to Electronic Automatic Temperature Control (EATC) module (19980),+
15	14 (BN)	Power, Exterior lamps
16	235 (RD/BK)	Instrument illumination, input
